### Why Suffer From Migraine or Sick Headache?

Dr. J.J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this affliction are condemned to undergo the periodical attacks every few weeks until they are forty years of age, after which the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that it is possible to suggest, while care in the diet is the best preventive measure. An attack may often be prevented by taking two anti-kamnia tablets when the first symptoms appear, and one anti-kamnia tablet every two hours during the attack shortens it, eases the pain and brings rest and quiet. Anti-kamnia tablets may be obtained at all druggists. Ask for A-K Tablets. They quickly relieve all pain.

Dept. 76, 300 Broadway, New York

A lady of social distinction, who has entertained extensively in the best hotels abroad as well as in America, recently gave a luncheon to several friends in a private dining-room at the HOTEL BELLECLAIRE.

She left all of the details of the luncheon to the management. She had no more idea of what courses were to be provided than her guests had.

After luncheon, this lady, as well as some of her guests, took the trouble to say to the management:

"That was as nice a luncheon as we ever sat down to."

It is very encouraging to have our efforts appreciated.

It is really remarkable that our guests are practically a unit in expressing appreciation of the good cooking and the good food supplied them.

Our restaurant business is growing because the news is spreading that the meals served at the BELLECLAIRE are about the best to be had anywhere.

Come in and try a meal. The proof of the pudding is in the eating.
